1-Page Design Principle PDF

Affordances and signifiers

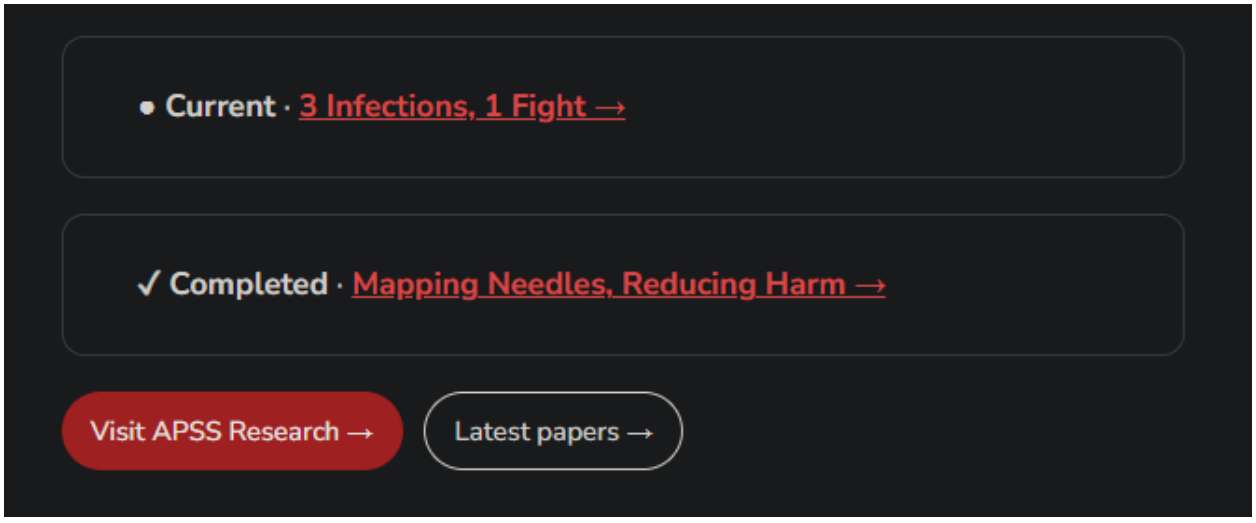

- The clickable buttons provide an affordance for navigation, while the red, underlined text and arrows act as signifiers, indicating that they are interactive links.

Gestalt

- The use of consistent, clearly grouped service options reflects Gestalt's Law of Similarity and Proximity, helping users perceive related services as a unified, easily navigable group.

Feedback

- Applies Gestalt's Law of Common Region by separating current and completed projects, providing clear visual feedback on project status and progress
